ABOUT ME

My Name is Fereja Wale, I am Innovative Front End Developer with 4 years experience building and maintaining responsive websites in the recruiting industry. Proficient in HTML, CSS, BootStrap, JavaScript and Angular; plus modern libraries and frameworks. Passionate about usability and possess working knowledge of any website bug issues.

EXPERIENCE

*05/9/2023 – Present

Front End Software Programmer at Federal Road Safety and Insurance Fund Service

Creating new features, functionality and capabilities on the company website sites using Angular, CSS, HTML, and JavaScript, Recommending solutions for a streamlined, user-friendly interface with the design team, Performing bug fixes and code reviews. Technical debt reduced by 32% within first month, Consulting with 508 Compliance professionals during development of new websites to ensure accessibility and Ensuring proper documentation and reports in all stages of product life cycles.

*09/15/2019 E.C to 09/19/2022 E.C

Database Administrator at Federal Urban Land and Land related Property Registry and Information Agency

Made high level contributions to team leading site optimizations. Worked with teams to solve issues and find and implement efficiencies. Collaborated with database administrator to design and develop advanced database features. Worked to create tools that enhanced user interaction in any browser. Ensured the technology implemented promoted efficiency, speed, and smooth functionality.

TO WHOMSOEVER IT MAY CONCERN

Subject: Letter of Recommendation

I am pleased to write this letter of recommendation for **Mr. Fereja Wale**, student of Software Engineering, Jigjiga University during his study in BSc program.

I taught him **Introduction to Java Programming, Advanced Java Programming, Software Process Management, Human computer Interaction and Real Time & Embedded System** in his course of study. I have seen him, a keen zest for learning and a liking to go beyond the theoretical purview. He is particularly interested in practical applications of his subjects and his perseverance and hard work have enabled him to achieve his goals. He could ask the most penetrating questions about the assigned topics and expound his ideas with effortless elegance.

He is an individual with lot of initiative. He believes in team work and can excel in any role as a member or a leader of the group with equal ease. He has the capability to grasp abstract components. His keen interest to probe deeper into the subject and enthusiasm for experimentation has given him an edge over others. With good communication skills to support these, he is among the best in the University in the overall evaluation.

He is very enthusiastic in all his academic participations. He impressed me a lot with his acumen and ability to comprehend, analyze and assimilate various intricate concepts. He is participating in various activities of the University and admirable in reading, class attending and individual and group project activities.

Moreover he has a strong interest in a wide range of project topics with a meaningful practical relevance. All these qualities position him among top 10% student of his batch.

Thus, I strongly recommend **Mr. Fereja Wale** for any academic or work opportunity related to his field of studies in your institution/organization may offer.

For any Queries, please do not hesitate to contact me at sgpraju@gmail.com or sgpraju@ije.edu.et.
